Parking system for stadiums

ParkIS allows visitors access to the stadium's car park using the same tickets and club cards used for entering stadium's area. With the LPR (licence plate recognition), the exit from car park is fast and thus providing comfort for both the visitor and the stadium keeper.

Main advantages

- Car park entry with a ticket or a club card
- No queues and delays with parking fee payments
- Fast automatic exit after licence plate recognition
- Media savings (one stadium and car park entry medium)
- VIP zone
- Payments by Universal payment station in cash / non-cash
- Comfort and satisfaction of visitors
- Dynamic capacity management depending on the number of tickets sold with access to car park
- Device monitoring
- Parking cards management
- Pricing
- Bonuses
- Statistics
- Reports
